Gently Snap lid over the 3 BUMPS. **NEVER PUSH LID MORE THAN ¼" PAST BUMPS or FORCE Lid on basket body.**

Take key and loop lid mesh and pull gently. **ONLY HOLD MESH. NEVER TOUCH BANDS WITH BARE HANDS.**

COOKING OILS FOR THE GRILLIE

It is recommended to have several high heat cooking oils in spray bottles. Typical cooking oils:

- OLIVE OIL
- CORN OIL
- PEANUT OIL
- GRAPSEED OIL
- VEGETABLE OIL
- AVACADO OIL
- CANOLA OIL

CLEANING THE GRILLIE

The Grillie is made of 304 Stainless steel, one of the safest food contact materials in the world. Cleaning the Grillie should be likened to cleaning a cast iron frying pan. The Grillie will develop a finish like a cast iron frying pan. Each time you use the Grillie, you need only to scrub and rinse in your sink or place in your dishwasher. If you want to add a shine to your Grillie, scrub with a pre-soaped steel wool pad.

- Manual - use abrasive pads
- Or use dishwasher set to heavy duty and sanitize.
